# Ambient Temperature & Humidity Sensor

A versatile and efficient solution, designed to monitor and maintain optimal conditions in various environments.

Whether it's a clean room, surgery, laboratory, compounding pharmacy, warehouse, or any other critical space, **our sensor provides comprehensive monitoring of both temperature and humidity**.

Sonicu's Ambient Temperature & Humidity Sensor is engineered to deliver accurate and reliable measurements so you can promptly identify any deviations in temperature and/or humidity and **prevent product degradation, compromised processes**, and more.

*Includes NIST Calibration Certificate

## MONITORING SPECIFICATIONS

|  | Range | Accuracy |
|---|---|---|
| **Temperature** | -10°C to +80°C/ 4°F to +176°F | +/-0.5°C |
| **Humidity** | 0 – 100% RH | +/- 3% RH |

We help you keep and maintain you precious assets at optimal conditions for their efficacy and longevity.

## FEATURES

- Real-time alerts and notifications
- Automated compliance reporting system
- Simple mobile app configuration, accessibility and monitoring
- U.S.-based phone support
- Lifetime warranty with software subscription

# Our Kit Includes:

## SONICLOUD - SOFTWARE ACCESS

All Sonicu monitoring solutions include SoniCloud, a modern, scalable, monitoring platform that includes software and firmware updates, ensuring future compatibility and data storage.

## SONISHIELD DUO

The most powerful and easy-to-use wireless monitoring device available that wirelessly transmits critical sensor data to the SoniCloud platform for 24/7 automated monitoring, visibility, and regulatory compliance reporting.

## AMBIENT TEMPERATURE AND HUMIDITY SENSOR

This sensor is ideal for monitoring conditions in clean rooms, surgeries, labs, compounding pharmacies, and warehouses.

## POWER ADAPTER

## DOOR CONTACT SENSOR (OPTIONAL)
